Remarks: _____

USPCAS-E endeavors to provide the best possible services to all the schools. It often happens that the load of samples testing from a single school becomes overwhelmed. Therefore, schools are expected to align their research themes as per the available facilities held with them, and moreover, keep and maintain the exact sample count originating from their schools.

Important Instructions:

- I. Applicant and his/her supervisor must address all safety aspects pertinent to the test/ method
- II. Radioactive, bio-hazardous, explosive, volatile/dirty, etc. samples will not be entertained
- III. Incomplete service request form (SRF) will be returned back to the applicant
- IV. The applicant must furnish complete information as asked in the SRF
- V. Only 01 (ONE) test will be performed per SRF
- VI. Simultaneous multiple service request forms for a single service are not allowed without justification
- VII. Separate SRFs should be raised for each type of object for testing
- VIII. Please bring well prepared test object/work bench on the day of the test conveyed to you
- IX. A fresh SRF will be initiated, if the applicant fails to appear on the allotted date and time for the test
- X. It is sole responsibility of the applicant to collect the results by providing a DVD/Portable HD, etc.
